**A Note On Color Orders** - I can't guarantee that the glasser will be able to reproduce the exact shade of color you have in mind when you order your board. Tints and sprays are unique, since they are mixed by hand, one board at a time. And, while color swatches or Pantone codes will help, there is simply no way to guarantee a specific color shade. The same holds true for "abstract" designs such as swirls, sunbursts, tiger stripes etc. **DO NOT EXPECT EXACT REPLICATION OF COLOR OR DESIGN.**
